

MEDICATION MANAGEMENT EDUCATION TOOL FOR CAREGIVERS

*Are you a **family member** or **paid caregiver** of someone with dementia?*

In our research study, you can...

- Access an **online tool** to learn how to help manage medications prescribed for a person with dementia
- Learn **valuable information** that may improve your caregiving experience
- Share your **feedback** about the online tool
- Receive a **certificate of completion**

Parking fees will be reimbursed for participants who come to Baycrest for study-related activities.
